INVITATION

Freedom Wheels Carnival

We invite you to come along to the Kew Traffic School and see the Freedom Wheels program in action!

What is Freedom Wheels?
The Freedom Wheels cycling service customises bikes for children with disabilities giving them the opportunity to ride a bike, often for the first time. Each child receives an individual assessment, carried out by a Solve Disability Solutions Occupational Therapist, to identify the bike, components and modifications suited to their age, height, weight, type of disability and physical and cognitive abilities. Solve’s technical volunteers then build the bikes using a range of specially designed support components, including a wide range of outrigger wheels, hand, foot and upper body supports.

To find out more about the Freedom Wheels cycling service visit us at www.solve.org.au/services/freedom_wheels.

Teachers and therapists are invited to attend the carnival to find out more about the Freedom Wheels cycling service.

Please also pass this invitation on to families of your students. They are welcome to come along, enjoy refreshments and join in the activities. Bike riding is open to children with disabilities who have a specialized bike.

To register your interest in attending, or to enquire about our service, please contact Sue on 1300 663 243 or email sue@solve.org.au.
